San Diego (California), Guayaquil, Puerto Caldera, Puerto Quetzal, San Diego

Comments

This service has been upgraded in late 2000 through the addition of the 910 teu DOLE COSTA RICA, allowing a weekly frequency (transferred from 6296 where replaced by TROPICAL DAWN). Reverted to two ships in 2001, then again three ships in January 2002. This service use to serve the US via Los Angeles until 2002, when a Dole-dedicated facility at San Diego was commissioned.

Ships deployed

Vessel Name	Typ	Flag	DWT	TEU	TEU 14	Speed	Gear	Operator	Plug	Open date
